Planning Applications Validated

Period: 07 September, 2026 - 11 September, 2026

Reference Number	Category	Proposal	Location
LA05/2026/0714/DETEIA	Consent	The proposals relate to replacement and upgrade of an automated racking system originally installed 20 years ago. The original racking system is nearing the end of its serviceable life and its replacement is now necessary. In the last 5 years Coca-Cola HBC Northern Ireland Limited has invested £40m to support ongoing bottling activities at Lissue Road, employing 960 staff of which 550 are based at Knockmore Hill. The proposed development comprises the erection of a new automated racking system to replace the existing racking system at the site which is nearing the end of its serviceable life, together with the erection of a multi-storey parking area and associated site works, including but not limited to: • An automated racking system covering approximately 8,200 m² gross floor area; • Remodelling of service yard and loading areas; • Reconfiguration of staff and visitor parking, including erection of a multi- storey parking area; • Reconfiguration of internal access roads and circulation areas; • Landscaping and boundary treatments; • Surface water drainage infrastructure and associated engineering works; and • Any ancillary development required to facilitate the proposed use.	Coca Cola H B C N I Ltd 12 Lissue Road, Lisburn
