A new Planning Portal will launch on 5 December 2022. To facilitate the introduction of this new Portal a transition period is required. The Council will continue to accept new planning applications during the transition period but copies of the submitted forms and plans will not be made available online until the new Planning Portal is launched. These applications will continue to be checked by staff offline in preparation for being uploaded and will be advertised, neighbour notified and consultations issued once the new Planning Portal is up and running. The next list of valid Planning applications will be published on Monday 12 December 2022. Updates about the launch of the new Planning Portal will be provided on the Council and DfI websites as well as on Council social media.
