Have you submitted a representation to the Council regarding this development plan document?

Yes  No

If yes, please provide your Reference Number \_\_\_\_\_

**SECTION D: YOUR COUNTER REPRESENTATION**

In accordance with Regulation 18 of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015, any person may make a counter representation in relation to a representation seeking change to a Development Plan Document (DPD). The purpose of a counter representation is to provide an opportunity to respond to proposed changes to the DPD as a result of representations submitted under Regulation 16 of The Planning (Local Development Plan) Regulations (Northern Ireland) 2015.

**A counter representation must not propose any further changes to a DPD.**

Please provide the reference number of the site-specific representation to which your counter representation relates. If you wish to make a counter representation to more than one representation, please complete a separate sheet for each counter representation you wish to make.

Your counter representation must relate to a site-specific representation made to the Lisburn & Castlereagh City Council draft Plan Strategy.

Please give reasons for your counter representation having particular regard to the soundness test(s) identified in the Department for Infrastructure’s Development Plan Practice Note 06 Soundness.

Please note your counter representation must not propose any new changes to the draft Plan Strategy. It should be submitted in full and cover succinctly all the information, evidence, and any supporting information necessary to support/justify your submission.

*If submitting a hardcopy & additional space is required, please continue on a separate sheet)*

## **Counter Representation DPS – 0038 – Limo Properties – SMU03 - Sprucefield**

Whilst the term 'sound' is not defined in the 2011 Act, it may be considered in this context within its ordinary meaning of 'showing good judgement' and 'able to be trusted' and within the context of fulfilling the expectations of legislation.

It is noted that Sprucefield Regional Centre is 65,000 sqm of existing gross external floorspace. The size of UK Shopping Centres is irrelevant and only undermines the approach as being unsound, as they are not comparable to Northern Ireland and do not exhibit the same population density or catchments.

Retail NI disagrees that it is the responsibility of the Plan to define Sprucefield's future role under SMU03, as it is accepted by all parties to be a Regional out-of-town shopping centre. Logically it must fall to the Department to draft policy and Key Site Requirements (KSRs) given its regionally significant role, sphere of influence outside LCCC and silence in the SPPS relating to Sprucefield.

Setting that to one side, we agree with Inaltus that the quantum of floorspace should not be prescribed. In our opinion it undermines and predetermines any future needs assessment or retail capacity study, which would accompany future retail or leisure applications.

The proposed scale (50,000sqm) does not take account of the local population density, lack of critical mass or need given the existing vacant units. The representation by Limo Properties – that the floorspace should exceed 50,000sqft is unsound nor has it been fully justified. In any case the new Local Development Plan will be monitored, so any concerns that there is insufficient floorspace could be evidenced and justified at a future date. The representation is nothing short of an unjustified land grab to have their land included within the boundary of Sprucefield Regional Shopping Centre, so that it enhances the land value given the proposed route of the new M1-A1 link road.

Paying regard to the Regional retail and leisure environment it would be completely unsound to seek upwards of 50,000sqm (538,195sqft) expansion to Sprucefield, as advocated by Inaltus.

Need is not well defined in the SPPS and would have benefitted from better drafting. Although it is capable of objective interpretation it is a "low" bar policy test.

Likewise, the PAC has consistently taken the approach that RIA is not an exact science and relatively small differences in some variables and assumptions can lead to significantly different conclusions. This view is expressed in the following appeal decisions paragraph 16 of appeal 2008/C002, paragraph 24 of appeal 2013/C001, paragraph 40 of appeal 2014/C001, C002, C003, paragraph 29 of appeal 2013/A0055, paragraph 24 of appeal 2011/A0150.

The approach adopted by Limo Properties is unsound and contradictory in relation to Sprucefield and the tests of Consistency, Coherence and Effectiveness and I would welcome an opportunity to make an oral presentation on this matter as it progresses.

Yours faithfully

**Glyn Roberts**  
**Chief Executive of Retail NI**
