LCCC dPS submission: Procedural/legislative compliance and further clarification (June 2021)

Procedural and Legislative Compliance

First Bullet Point – Reg 10(c), Reg 15(c), Reg 17(e)(f), Reg 20 - Notification to consultation bodies throughout LDP Preparation

Councils are required to demonstrate they have notified consultation bodies, and whilst a sample correspondence is included, no distribution lists have been provided for who this was issued to (i.e. consultation bodies) for each of these regulations. Can Council provide this supporting evidence?

Response: Lisburn & Castlereagh City Council provides the following evidence as separate attachments;

- Reg 10(c) – Statutory Consultees, POP (Appendix 1)
- Reg 15(c) – Statutory Consultees, Plan Strategy (Appendix 2)
- Reg 17(e) – Statutory Consultees, Publication of Reps to dPS (Appendix 3)
- Reg 17(f) – PS Reps Respondent Details (Appendix 4)
- Reg 21(c) – Statutory Consultees, Notification of submission to DfI (Appendix 5)

Second Bullet Point – Reg 7(1)(a) - Council approval of LDP Timetable

Council advise the dates on which their timetable(s) (Aug 2016, Nov 2018, Dec 20) was approved by the resolution of the council but no supporting no evidence has been included. A copy of relevant Committee Meetings minutes would be beneficial to show compliance. Can Council provide this?

Response: Lisburn & Castlereagh City Council provides the following evidence as separate attachments;

- Initial Timetable Approval Full Council 28.06.16 (Appendix 6)
- Timetable Rev 1 Approval Development Committee 08.11.18 (Appendix 7)
- Timetable Rev 1 Approval Full Council 27.11.18 (Appendix 8)
- Timetable Rev 2 Development Committee 02.12.20 (Appendix 9)
- Timetable Rev 2 Full Council 15.12.20 (Appendix 10)

Third Bullet Point – Reg 7 (1)(b) - Submission of LDP Timetable to the Department for agreement

It is noted a letter of agreement from the Department for Dec 2020 timetable has been provided. It may have been beneficial to also provide a copy of the Council’s correspondence which accompanied the timetable(s) at time of submission to the Department for its agreement. Can Council provide this?

Response: Lisburn & Castlereagh City Council provides the following evidence as separate attachments;

- Letter to DfI Timetable 14.07.16 (Appendix 11)
- Letter to DfI Timetable 29.11.18 (Appendix 12)
- Letter to DfI Timetable 16.12.20 (Appendix 13)
Fourth Bullet Point – To note Reg 14(a)

It is noted that the Council has not referenced whether or not there has been any consultation with HSENI particularly in relation to COMAH sites but the soundness report and draft policies reference to being drafted in a way that takes account of these issues – Can the Council advise if any consultation has been undertaken?

Response: Lisburn & Castlereagh City Council provides the following evidence;

Reg 14(a) referred to is contained in the Planning (Local Development Plan) Regulations (Northern Ireland) 2015, Part 4, which states;

Additional matters to be taken into account

14.—(1) The other matters that the council must take into account in preparing a local development plan are—

(a) the objectives of preventing major accidents and limiting the consequence of such accidents,

(b) the need— (i) in the long term to maintain appropriate distances between establishments covered by the Directive and residential areas, buildings and areas of public use, major transport routes as far as possible, recreational areas and areas of particular natural sensitivity or interest, and

(ii) in the case of existing establishments, for additional technical measures in accordance with Article 5 of the Directive so as not to increase the risks to people.

The Council would advise that there is 1 COMAH site situated in its district, located at Greenfield Fertilisers, 20 Glenavy Road, Moira, BT67 0LT.

Whilst the Council did not consult HSENI directly prior to publication and submission to DfI of its draft Plan Strategy (dPS) the Council did consult HSENI’s sponsoring Department, the Department for the Economy which has an oversight role¹.

As has been pointed out by DfI, Regulation 14(1) has been taken into account in the drafting of the Strategic and Operational policies of the dPS, as indicated in SUBDOC-34 Self-Assessment of Soundness Report the relevant section of which is reproduced in the following paragraphs;

SUBDOC-034 Self-Assessment of Soundness Report

Chapter 3 of this report sets out how the Council has compiled its LDP in accordance with the Procedural Tests (P1-P4), being one of the three soundness categories. Reference is provided regarding the relevant requirements of the LDP Regulations.

Procedural Test P4 – Did the Council comply with the regulations on the form and content of its DPD and procedure for preparing the DPD?

Yes; Regulation 14(1) of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015.

Justification of SUBDOC-034, page 15 & 16

¹ HSENI Corporate Plan 2018-2023
(a) The strategic policies contained in Part 1 of the dPS incorporate measures to accommodate sustainable development (Strategic Policy SP01) whilst improving health and wellbeing (Strategic Policy SP02), supporting sustainable economic growth (Strategic Policy SP04) and the protection of the natural and built heritage (Strategic Policy SP06). Part 1 of the dPS notes that these strategic policies must be read in conjunction with other policies, including those contained in Part 2 of the dPS, the operational policies.

(b)(i) The operational policies within Part 2 of the dPS are written in such a way as to ensure the impact of proposed development of either a COMAH site or in the vicinity of an existing COMAH site will be a material consideration with the aim of minimising associated risks. A continuing function of the development management process is to consult with relevant consultees to ensure the operational policies contained in Part 2 of the dPS are appropriately applied to COMAH sites or those proposed in proximity to such sites.

(b)(ii) Additional measures will be further considered at the Local Policies Plan and will be an important consideration when allocating land uses and proposals.

The Council would ask DfI to note that it is its intention to identify the COMAH site(s) at Local Policies Plan, the second stage in the process of implementing its Local Development Plan. In preparation for this the Council will consult on the matter with HSENI to determine if the extent of the existing constraint around Greenfield Fertilisers is to remain as it is, or if it is to be increased (note: planning approval LA05/2019/0529/F was granted for the extension of this operation in November 2020).

As previously indicated, the Council considers its approach at this, the dPS stage in the process, has met with the requirements of Regulation 14(1) regarding the Strategic and Operational policies contained in this DPD (Procedural Test P4).

Further Justification the LDP Regulations 2015, the Planning Act 2011 and Departmental Guidance

The Explanatory Note to the Planning (Local Development Plan) Regulations (Northern Ireland) 2015 contains the following at its Paragraph 2;

The Regulations prescribe the form and content of the local development plan (LDP) to be prepared by councils and the procedure to be followed to bring it into effect. The 2011 Act provides for two development plan documents (DPD) the plan strategy and the local policies plan which taken together form the LDP.

The Planning Act (Northern Ireland) 2011 contains the following;

Section 6—(1)(b) Any reference to a development plan in any statutory provision relating to planning, is to be construed as a reference to the development plan documents (taken together) which have been adopted by the council or approved by the Department in accordance with section 16(6).

(2) In this Part the development plan documents are—

(a) the plan strategy;

(b) the local policies plan.

Development Plan Practice Note 7 – The Plan Strategy
Paragraph 6.4; depending upon the nature of the issues, a council must consider whether it is more appropriate to address these at the strategic level i.e. in the PS or at more site specific local area, in which case, they should be addressed in the Local Policies Plan (LPP)

Development Plan Practice Note 8 – The Local Policies Plan

Paragraph 1.1; The purpose of the LPP is to set out a council’s local policies and site specific proposals in relation to the development and use of land in its district.

Paragraph 1.3; The LPP must contain the local policies, including site specific proposals, designations and land use zonings required to deliver the council’s vision, objectives and strategic policies.

Paragraph 5.3; council’s local policies, including its site specific proposals, designations and land use zonings, should show how the council’s vision, objectives and strategic policy as set out in its PS are to be achieved.

Having regard to the LDP Regulations, the Planning Act and Departmental guidance, the Council did not consider it was necessary, nor a requirement to consult with HSENI at the dPS stage, rather that it would be more appropriate to consult with HSENI at the LPP stage when identifying zonings and constraints.

Summary

The Council has taken account of Regulation 14(1) requirements in the drafting of its dPS policies in so far as these having regard to COMAH site(s) as a material consideration in the formulation of policy and the determination of planning applications against those policies. The Council’s Self-Assessment of Soundness report sets out its position on this matter.

The Council, having regard to relevant DP Practice Notes, considers it most appropriate to carry out that consultation with HSENI when proposing zonings and constraints as part of its Local Policies Plan (DPD).

As such the Council confirms it intends to consult HSENI at the 2nd stage in the preparation of its Local Development Plan.
Questions arising from analysis of Table 9.1 of October 2019 Housing Growth Study and Table 4.3 of the updated Lichfield Housing and Employment paper January 2021.

Table 9.1 of technical supplement 1 Housing growth study (page 45) shows 54.5% of previous past delivery (based upon 2003/4 – 2016/17) was located in Lisburn (incl W Lisburn). This percentage of the total distribution of growth will translate to 377 units. In contrast the updated Table 4.3 in the Lichfields Housing & Employment topic paper indicates an average past delivery of 46.6% (based upon 2004/05 – 2018/19) resulting in an indicative 401 units if these rates are maintained.

Q1 – When applying the same methodology to Table 4.3 46.6% of the total of 832 it gives 388 units and not the 401 indicated in the table. Can the council explain the reason for this variation?

Response: The difference between the two tables arises as a consequence of two different time periods being used.

The source of Table 9.1 of Technical Supplement 1 Housing Growth Study, is based on a 12 year period (see para 9.11, page 44).

Para 9.13, page 45 states the past trend is based from 2003/04 to 2016/17. However the period used was as follows:

- 2003/4 – 2013/14 (10 years); and
- 2015/16-2016/17 (2 years)

The reason for this being that the Department did not produce Housing Monitor Reports for the 2 years 2013/14 or 2014/15.

The Housing Monitor produced by LCCC covers the period 2015/15 and 2016/17 (the latter being the most up-to-date HM at the time of publication of the draft Plan Strategy.)
In updating the figure for the Housing and Employment Topic Paper, an additional two years of Housing Monitor had been produced (2017/18 and 2018/19). The time period used was 2004/05 to 2018/19 which is taken over a 15 year period.

The figures are therefore not directly comparable, but serve as a useful indicator of past trends.

Please refer to additional Technical Note from Lichfields dated 16 June 2021 for further detail. (Appendix 14)

Q2 – Why was the average past delivery percentage based 2004/5 – 2018/19 in the updated paper rather than from 2003/4 as per the original housing growth study?

Response: In updating the Housing and Employment Topic Paper (Jan 2021), a further two Housing Monitor Reports had been produced since the original publication of the draft Plan Strategy Technical Supplement 1 (October 2019).

It was considered appropriate to test the robustness of the data and (as stated above) to check past trends in projecting growth over the lifetime of the plan. The additional two years provides an update and is a useful comparison of similar trends.

The consultant based this on a 15 year time period (2004/05 to 2018/19) which reflects and is consistent with the duration of the Plan. You will note the last column of table 4.3 reconciles the amount of time left in the Plan with the remaining supply from 2019 up to 2032. The two are broadly aligned for the Council Area as a whole.

Please refer to additional Technical Note from Lichfields dated 16 June 2021 for further detail. (Appendix 14)

Q3 – How has the analysis of past delivery informed the percentage of future growth allocated to the various tiers?
Response: Past trends are dealt with under paras 2.14 to 2.18 of the Housing and Employment Topic Paper (pages 11-12).

Para 2.16 acknowledges that past trends cannot be relied on solely as a robust indicator of future housing need. Nevertheless, a review of past trends can be a useful means by which to undertake a sense check of the figures derived from other sources in terms of their consistency.

Para 2.58 sets out that:

“This analysis has identified an alignment between the 2016-based HGI s (as amended to reflect the LDP period), the updated employment-led scenarios, and past housing completions between 2005 and 2019. This alignment is important. It adds to the weight that can be placed on the recommended housing requirement figure and avoids undue reliance from being placed on any single source. The reliance on multiple sources of data and modelling is also important given that HGI s are policy neutral indicators of what might happen if recent trends continue in the future.”

Monitoring of completions (through use of the Housing Monitor Reports) provides valuable information on annual building rates, housing output relative to planned densities, and also gives an indication of the validity of estimated windfall. The information also allows a clear view of the overall progress in meeting the housing objectives of the Plan, and identifying any issues likely to require intervention (in accordance with Paras 6.140 and 6.141 of the SPPS).

The process for allocating housing land (para 6.139 of the SPPS) do not include recommendations for distribution based on past trends. Instead they recommend 8 considerations, of greatest significance in relation to this query, are:

1 the use of the RDS Housing Growth Indicators (HGI s);
2 the use of the RDS Housing Evaluation Framework;
3 allowance for existing housing commitments.

Use of the HGI
This is dealt with at paras 2.5 to 2.13 of the Housing and Employment Topic paper (and paras 6.2 to 6.10 of Technical Supplement 1 Housing Growth Study).

Para 2.5 indicates that the newly published HGI figures (September 2019) which were not available on time pre-publication of the draft Plan Strategy, identified a total need of 10,700 / 713 dpa over the Plan period.

The period covered by the latest set of HGI figures do not coincide with the Plan period, so adjustments were made using the Popgroup suite of software. This is normal practice and provides a robust methodology.

As detailed in Table 2.2 (page 10) this reflects an adjustment from the figures published in the draft Plan Strategy for 10,845 dwellings over the plan period, equivalent to 723 dpa.

A further adjustment is made in para 2.12 (page 11) to accommodate economic growth scenarios (746 dpa rounded up to 750 dpa or 11,250 units over the Plan period).

Use of the RDS Housing Evaluation Framework
Paras 3.58 to 3.75 detail the assessment in relation to the Housing Evaluation Framework.

In particular the following paragraphs provide detail on the summary of scores for each settlement tier:

“3.64 A summary of the scores is set out below:

<table>
<thead>
<tr>
<th>Settlement tier</th>
<th>Settlement</th>
<th>Score</th>
<th>Median score</th>
</tr>
</thead>
<tbody>
<tr>
<td>City</td>
<td>Lisburn City</td>
<td>17</td>
<td>17</td>
</tr>
<tr>
<td>Urban settlement</td>
<td>Castlereagh Greater Urban Area</td>
<td>16</td>
<td>16</td>
</tr>
<tr>
<td></td>
<td>Carryduff</td>
<td>14</td>
<td></td>
</tr>
<tr>
<td></td>

<td>14</td>
<td>12</td>
</tr>
<tr>
<td></td>
<td>Lowest score: Annahilt, Drumbeg</td>
<td>10</td>
<td></td>
</tr>
</tbody>
</table>
3.65 This is important in demonstrating the firm relationship that exists between the settlement hierarchy and the HEF scores. The level of growth that is proposed for each settlement tier reflects these outcomes.

3.66 Although the presence of committed sites had a bearing on the distribution of future growth, the approach that has been taken by LCCC reflects a number of additional considerations, most notably including the fundamental objective of concentrating growth into the most sustainable locations whilst recognising the important role that housing development can have in smaller settlements. To this end, it is important to note that there is a positive correlation between the level of growth that is anticipated in each settlement and:

1 The HEF score; and,
2 The existing size of each settlement.”

Neither the RDS 2035 nor the SPPS require the identification or a housing requirement for individual settlements (para 3.67 Housing and Employment Topic Paper).

On this basis, the approach that has been applied by LCCC seeks to ensure that the overall housing requirement for the Council area can be achieved within the following key parameters:

1 The established and identified settlement hierarchy;
2 The sustainability of individual settlements, as reflected in the HEF scores;
3 The known supply in each settlement; and,
4 Any specific constraints in different parts of the authority area.

The higher tier of settlements are assessed as the most sustainable locations for new housing development and the allocations reflect this.

Development Plan Context
Draft BMAP (and the extent of commitments arising from the zonings in draft BMAP) is a significant material consideration in determining the distribution of housing land and informs the baseline. This must be taken into account in respect of supply as the Council did not have a ‘blank canvas’ on which to base its growth strategy.

3.74 Whilst recognising the extent to which existing commitments are expected to contribute to the future housing supply, the approach that has been adopted by LCCC in respect of the distribution of development is entirely consistent with the requirement of the RDS 2035 to “manage housing growth to achieve sustainable patterns of residential development” (RG8). It reflects an understanding of the role of different settlements across the Lisburn and Castlereagh area and the need to achieve a level and distribution of growth that is both deliverable and capable of contributing towards more sustainable patterns of development. The HEF has played an important role in this process, although it is not possible for this to act as the only factor in considering the distribution of growth. This is because it considers just six criteria and the application of a high, medium or low score to each means that there may not be significant variation in the HEF scores achieved for different settlements. It is a useful tool but, as recognised by the SPPS, is just one of a number of factors to be taken into account.

3.75 By following the policy requirements contained in the RDS 2035 and SPPS, and applying its own policy judgements, LCCC has been able to establish a robust and sustainable approach to the distribution of housing growth. The extent to which existing commitments will play a role in future housing delivery is not considered to undermine the integrity of the settlement hierarchy or the sustainability of development. Rather, it supports such attributes by virtue of the fact that planning permission will only have been granted for sites in sustainable locations and that are acceptable in policy terms.

In conclusion, both Technical Supplement 1 Housing Growth Study and the Housing and Employment Topic Paper, recognise the constraints of draft BMAP and that the distribution of future housing growth is largely located in the urban
tiers of the hierarchy (Lisburn City and Greater Urban Area, Castlereagh Greater Urban Area, and the three main towns of Carryduff, Hillsborough and Moira).

Q 4 - 85% of growth has been allocated to urban tiers. However, alongside the Housing Evaluation Framework and the factors listed at paragraph 3.60 of the updated Lichfield paper, what other factors have influenced the allocation within the tiers? [D.N. the allocation to Castlereagh and Dundonald is similar to that of the other settlements and countryside]

Response: The RDS HGI
The RDS HGI has been an important consideration in the assessment of the Council’s Strategic Housing allocation for the Plan Strategy.
This is not listed in para 3.60 as it is dealt with under paras 2.5 to 2.13 of the Housing and Employment Topic paper.
Para 2.5 indicates that the newly published HGI figures (September 2019) which were not available on time pre-publication of the draft Plan Strategy, identified a total need of 10,700 / 713 dpa over the Plan period.
The period covered by the latest HGIs do not coincide with the Plan period, so adjustments were made using the Popgroup suite of software.
As detailed in Table 2.2 (page 10) this reflects an adjustment from the figures published in the draft Plan Strategy for 10,845 dwellings over the plan period, equivalent to 723 dpa.
A further adjustment is made in para 2.12 to accommodate economic growth scenarios (746 dpa rounded up to 750 dpa or 11, 250 units over the Plan period).

Components of Supply
Paras 3.0 to 3.27 set out the components of supply which fulfils the SPPS criteria set out in para 3.60 of the Housing and Employment Topic Paper. These paragraphs explain how the level of existing commitments has directed growth to the urban tiers, with a lower level of growth to the lower tiers of the settlement hierarchy.

Evaluation against the RDS Housing Evaluation Framework
Paras 3.58 to para 3.75 provide further information on how the settlement tiers were addressed using the six resource tests which include a resource test (water, waste water and sewage) and a transport test (integrating landuse and public transport/walking and cycling). Detail on these two important considerations are provided below.

**Assessment of Existing Constraints**

**Water/Waste Water/ Sewage:**
As part of the RDS Housing Evaluation Framework (dPS, Part 1, page 58 and Table 2 page 59) the provision of water/waste water formed part of the Resource Test for each tier of the existing settlement hierarchy. Determination of housing growth requirements and the resultant provision of necessary lands were in part informed by the service provision provided by NI Water in terms of water/waste water services.

The Council engaged early with NI Water during evidence gathering and formulation of its dPS and policies to ensure capacity (headroom) would be available for all development types in its district, not just housing. This engagement began back in 2015 to allow an understanding by both parties on likely future demand as the plan period progressed to 2032.

Engagement involved co-operation between Council officers and NI Water’s infrastructure and investment planners and a 6 monthly method of reporting headroom became standard practice. This reporting informs the Council of headroom capacity at each of the waste water treatment works, both within its own district and beyond, in Belfast and Ards and North Down, which also service some of our settlements. A copy of the headroom analysis for Lisburn & Castlereagh, relevant at the time the dPS was published in October 2019 is attached at Annex A.

The above approach formed the basis for informing the Council’s supporting documents for the dPS. Technical Supplement 6 – Countryside Assessment (DfI Submission Document SUBDOC-25) contains at Section 7 full appraisal of settlements in the district and for each there is a detailed consideration against the
RDS Resource Test, including headroom capacity for WWTWs. These have been informed by the 6 monthly reports provided by NI Water (as per Annex A)

The network of WWTWs are at various stages in their capacity, some have declined over recent years and others have improved through upgrade works. NI Water have, through recent dialogue with the Council (post-submission of the Draft Plan Strategy, May 2021) disclosed the fact that WWTWs and their networks require significant upgrading over coming years. However, through its reporting NI Water confirms that there is sufficient headroom to accommodate the expected level of housing growth over the period of the Lisburn & Castlereagh LDP. It should be re-emphasised that the headroom figures provided by NI Water cater for the total requirement for all uses, not just housing. NI Water are also eager to point out that investments planned for Belfast through its Living with Water Programme offer benefits to those parts of our district that are facilitated by those works located in Belfast. This is another positive benefit when considering the Resource Test against Council’s projected housing need up to 2032.

Transport Infrastructure:
The Transport Test also forms part of the RDS Housing Evaluation Framework (dPS, Part 1, page 58 and Table 2 page 59) in that it seeks studies to be carried out to assess the potential for integrating all forms of land use, including housing with public transport, walking and cycling to help reduce reliance of the car. As with water and waste water provision, an analysis of existing infrastructure provision was undertaken as part of the Settlement Appraisal contained in Technical Supplement 6 (Submission Document SUBDOC-25).

In addition the Council in consultation with DfI Transport Planning Modelling Unit developed its Local Transport Study (LTS) for the district. The detail of the LTS is contained in Technical Supplement 8 – Local Transport Study (Submission Document SUBDOC-027). Section 5 of the LTS details, amongst others, provision of public transport and walking and cycling. In particular it deals with Section 5.3. Accessibility to Essential Local Services, Section 5.4. Urban Sustainable Transport Infrastructure; and, Section 5.5. Modal Choice for Journeys to Work and Education.
The LTS contains 7 Objectives to support the Plan Strategy and are detailed under Strategic Policy 20 – Transportation Infrastructure (dPS Part 1, page 139). Of these the following are most relevant in relation to the question on housing figures posed by DfI;

**Objective 2:** Ensure viable local public transport accessibility to essential services for people living in the Lisburn & Castlereagh Council area.

**Objective 3:** Ensure there are attractive and safe active travel networks (walking and cycling) linking all existing and new residential, employment, retail and leisure developments in the urban areas of Lisburn City, Castlereagh Greater Urban Area, Moira, Hillsborough & Culcavy and Carryduff.

**Objective 5:** Enhance accessibility by sustainable modes of transport to the centres of Lisburn City, Castlereagh Greater Urban Area, Moira, Hillsborough & Culcavy and Carryduff to safeguard their viability.

**Objective 6:** Enhance safety for all modes of transport and reduce the number and severity of casualties.

**Objective 7:** Ensure our transport systems are resilient to climate change and well-maintained.

The LTS also confirms measures, rather than infrastructure schemes to be incorporated into the Local Policies Plan and future development proposals. To achieve this the Operational Policies in Part 2 of the dPS have been written to afford significant weight to sustainable forms of transportation and connectivity; policies TRA1, TRA4, TRA5 and TRA8 on pages 92 to 97. These operational policies align with the following measures contained in the LTS;

- improved ‘limited stop’ bus services to key hubs (i.e. Lisburn City, Castlereagh Greater Urban Area, Moira, Hillsborough & Culcavy and Carryduff)
- maintained and improved rail services and connections
- new urban road links and sustainable transport infrastructure to facilitate key development funded by developers
- provision of improved walking facilities in towns
- improvements to existing cycle network and provision of a new network of radial cycling routes in towns and greenways
• traffic management schemes in urban areas to re-balance modal hierarchy

Whilst the objectives and measures contained in the LTS are a requirement for future development in the district, the amount of sustainable infrastructure provision already in place should not be underestimated. It is of note that Lisburn & Castlereagh City Council contains two well established greenways at Dundonald (the Comber Greenway) that connects with Belfast and to housing developments built and ongoing in the east of the district; and the National Cycle Network along the Lagan Towpath between Lisburn and Belfast. In addition the Cycle Network has recently been extended from Lisburn to the Maze Long Kesh site and it is anticipated an off road route will be identified to extend this to Moira in the Local Policies Plan. A secondary greenway between Carryduff and Belfast is well advanced, having received grant funding from the Department for Communities.

Recent housing developments around Carryduff and Lisburn have incorporated the provision of walking and cycling routes and it is anticipated that the Local Policies Plan will advance routes to provide more connectivity between these areas and our town centres in accordance with Objectives 3, 5 and 6 and a number of the commitments contained in the Local Transport Study.

The Council has also had early positive discussions through its Engagement Strategy and Consultation with Neighbouring Councils, specifically Armagh, Banbridge and Craigavon Council and Belfast City Council to ensure active travel and strategic greenway linkages align between all three districts to provide sustainable connectivity.
Q5 – Can the council clarify if there is any further breakdown between the other settlements and the countryside tier?

Response: The Table above provides the breakdown of housing units built from 2004/05 to 2018/19 as reflected in Table 4.3 of the Housing and Employment Topic Paper.

Table 4.3 groups ‘other settlements and countryside’ (other settlements meaning villages and small settlements). The Table below provides totals for the villages, small settlements and countryside using the figures extracted from the Table above.

Table 2.3 of the updated Lichfields paper shows updated employment led dwelling requirements. In paragraph 2.12 it refers to adding an allowance of 73dpa to each scenario (equivalent to 1,100 dwellings). This is possibly to address a problem with alignment with the HGI figure which takes account of net conversions, closures and demolitions. It appears that the figure is derived by dividing 1,100 figure from the HGI by 15.

**Q6** – The Department would request confirmation that this figure has been derived from the updated HGI report (Table A1)

**Response:** The Department is correct in the above assumption. The Council can confirm that this figure has been derived from the updated HGI which is published as an Addendum to the Housing Growth Study, as part of the Council’s Consultation on Focussed and Minor Changes – see Addendum to Housing Growth Study, November 2020 (Table 3.1, page 4) and is repeated in the Housing and Employment Topic Paper, January 2021 (Table 2.3, page 11).

This is calculated as the difference between gross and net dwelling requirements (12,116 – 11, 016 in D Long-Term jobs-led scenario; and 10,260 – 9,160 in E Short-Term jobs-led scenario) resulting in 1,100 units which when divided over the Plan period equates to an additional 73 dpa².

² Calculated using PopGroup suite of software
As identified in para 2.12 the mid-point between the two past trend job scenarios is 746 dpa, a difference of 3.2% to the revised HGI. Para 2.13 recommends that this figure of 746dpa (rounded to 750dpa) should represent the housing requirement for LCCC which equates to a requirement of 11,250 units over the Plan period.

**Key to Local Development Planning**
- ✔: Works is Sufficient Capacity
- ✔: Works is At or Reaching Capacity
- ✔: Works is Insufficient Capacity

**Note 1:** NI Water's sewerage network capacity mapping tool which has identified capacity issues in parts of the Lisburn wastewater network.

**Note 2:** NI Water's sewerage network capacity mapping tool which has identified capacity issues in parts of the Moneyweag wastewater network.

**Note 3:** NI Water is currently carrying out high level wastewater network capacity mapping assessments for all major wastewater treatment works. Going forward, these assessments may highlight capacity issues within some catchment areas which may result in refusal of new connections.

**Note 4:** Newtownblake Drainage Area Plan (DAP) has identified significant deficiencies within the existing sewerage network. Parts of the sewerage network are operating significantly above design capacity, increasing the risk of out of sewer flooding and pollution to local watercourses. It is evident that there are significant deficiencies in the sewer network which will be detailed in NI Water's response to conditions submitted to Council regarding planning applications relating to this area. DAP process will identify solutions to address these issues which will be listed and prioritised within our FC15 Business Plan. Delivery of solutions will be subject to adequate funding of NI Water.

Lead Head of Planning and Building Control
Head of Environmental Health
Head of Operational Services
Head of Marketing and communications (Miss A Goddard)
IT Officer
Committee Secretary
Attendance Clerk

Commencement of the Meeting

At the commencement of the meeting The Right Worshipful the Mayor, Councillor B Bloomfield, welcomed those present to the June Meeting of Council and in particular to those seated in the Public Gallery.

The Right Worshipful the Mayor asked that all mobile phones be switched off for the duration of the Meeting.
Page 566 Item 5.5  
Councillors’ Allowances  
Addenda to Guidance on Councillor Allowances (Cont’d)  

to Members he be furnished with hard copies of papers for meetings going forward.  

Alderman W J Dillon, Alderman S P Porter, Councillor J Baird and Councillor J Palmer also indicated that they wished to receive hard copies of papers for meetings.  

Page 573 Item 7.1  
National Breastfeeding Week  
18-27 June 2016  

Councillor S Carson put on record his thanks to Council Officers for their prompt action in ensuring that Logan Valley Island was lit up pink for one evening during the week 18-27 June 2016. Councillor Carson also thanked the Officers from Corporate Services and the Marketing and Communications Unit who had been involved in this initiative which he stated had been well attended by parents and babies on the evening.  

Councillor S Carson congratulated The Right Worshipful the Mayor, Councillor B Bloomfield, on having chosen TinyLife as his Mayoral Charity.  

For Noting  

Planning Committee  
9 May 2016  
Proposed by Alderman M Henderson  
Seconded by Councillor A Girvan  

The Chairman, Alderman M Henderson, advised that the minutes of the Planning Committee meeting of 9 May 2016 had been circulated for noting only as these minutes had been agreed at the subsequent meeting of the Planning Committee on 6 June 2016.  

9. Report from Chief Executive  

It was agreed that the report and recommendations of the Chief Executive be adopted, subject to any decisions recorded below.  

Items for Decision  

9.1 Local Development Plan  

The Council had been furnished with a copy of the proposed timetable for the new Lisburn & Castlereagh City Council Local Development Plan as required under the Planning Act (Northern Ireland) 2011 Part 7, along with a copy of a Risk Management Register, it being noted that both documents had been agreed at the June meeting of the Planning Committee but were required to be approved by Council prior to submission to the Department for Infrastructure for its agreement.
9.1 Local Development Plan (Cont’d)

It was agreed that the Council approve the Timetable and Risk Management Register for the Council’s Local Development Plan and agree that both documents be submitted to the Department for Infrastructure for approval.

9.2 Northern Ireland Planning Portal Replacement

The Council had been furnished with a copy of a letter received from the Permanent Secretary, Department for Infrastructure, regarding the replacement of the Northern Ireland Planning Portal, along with a copy of the Northern Ireland Planning Portal Pre-Discovery Report.

The Chief Executive reported that the Pre-Discovery stage had considered a number of options and after further analysis it was proposed to move forward with a new single system as a collaborative venture between all 11 councils and the Department.

It was noted that the deadline for the replacement of the current Planning Portal was March 2019.

Councillor S Scott left the Meeting (7.45 pm).

The Chief Executive responded to questions from Members in relation to a number of issues arising out of the report as circulated, including:

- the need to share the cost of implementing the new Planning Portal proportionately across the 11 councils in the Province

- the importance of ensuring a smooth change-over to the new system with minimal disruption and/or detriment to customers

- the benefit in undertaking best practice visits to other authorities to see similar planning portals first hand.

Alderman G Rice left the Meeting (7.49 pm).

The Chief Executive emphasised to Members the importance of the ‘Discovery Stage’ which would allow Members the opportunity to ask questions and look at best practice in other authorities.

It was agreed on a proposal by Councillor P Catney, seconded by Councillor J McCarthy, that in order to enable the development of the current portal, the Council approves the next stage of the Planning Portal development, as outlined in the correspondence from the Department of Infrastructure.

Councillor S Scott returned to the Meeting (7.50 pm).
Minutes of the proceedings of the Development Committee Meeting of Lisburn & Castlereagh City Council held in the Island Civic Centre, Lisburn, BT27 4RL on Thursday, 8 November 2018 at 6.00 pm

PRESENT: Alderman W A Leathem, Chairman
Deputy Mayor, Councillor A Grehan
Aldermen W J Dillon MBE, D Drysdale, A G Ewart MBE, T Jeffers and S Martin
Councillors J Baird, S Carson, A P Ewing, J Gallen, J Gray MBE, B Harvey, T Morrow and S Skillen

OTHER MEMBERS: Councillor A Girvin

IN ATTENDANCE: Lisburn & Castlereagh City Council
Chief Executive
Director of Service Transformation
Principal Planning Officer (LDP)
Head of Economic Development
LCCC BRCD Co-Ordinator
Member Services Officer

Lisburn Commerce Against Crime
Alderman J Tinsley, Interim Chairman
Councillor A Givan, Board Member
Mr W Holland, Consultant
Mr S Walsh, Board Member
Mr A Anderson, Board Member
Mr E Knox, Board Member
Ms K Marshall, Bow Street Mall Business Manager
Ms J Crockett, LCAC Business Manager

Commencement of Meeting
The Chairman, Alderman W A Leathem, welcomed everyone to the November meeting of the Development Committee, in particular, Mr David Burns, the Council’s new Chief Executive who had taken up his role on 1 November 2018.

The Chairman, having outlined the evacuation procedures in the case of an emergency, apologised to Members for the change of date for the Committee meeting which had been rescheduled from the previous week and outlined the reasons which had necessitated this
6.1.2 Belfast Region City Deal (BRCD) Proposal to Attend MIPIM, Cannes on 12 – 15 March 2019 Update

Further to the decision of the Committee in October 2018 that the Council participates in the MIPIM 2019 event in Cannes subject to confirmation that the other BRCD partner Councils were also attending the LCCC BRCD Co-Ordinator reported that the undernoted Councils had responded accordingly:

- Ards & North Down are presenting this proposal to their November Council meeting recommending the £10,000 sponsorship option subject to partner Council participation;
- Antrim and Newtownabbey have agreed to the £10,000 sponsorship option
- Mid & East Antrim have agreed to the £10,000 sponsorship option.
- Newry, Mourne and Down Council have presented a report through their Council to support this event and are still considering the detail on the sponsorship options.

It was noted that a further update report confirming the final partner Council position on attendance at MIPIM would be presented to the Committee in December 2018.

It was agreed that the update report on the proposal to attend MIPIM 2019 be noted.

Additional Report

6.1.3 Keynote Seminar on Belfast Region City Deal, 5 December 2018, Belfast

The Committee had been furnished with details of the above-mentioned keynote seminar on the Belfast Region City Deal, taking place on Wednesday 5 December 2018.

It was agreed to recommend that the attendance of the Members on the LCCC BRCD Steering Group, or their nominees, at the BRCD Keynote Seminar be approved, together with appropriate Officers, it being noted that the cost of a Member’s attendance was £230 plus travel allowance.

6.2 Report by Principal Planning Officer (LDP)

It was agreed that the recommendations of the Principal Planning Officer be agreed subject to any decisions recorded below.

6.2.1 Revised Timetable for DfI Agreement and Publication of LDP

Alderman A G Ewart left the meeting and returned again during consideration of this item of business.

The Committee had been furnished with a copy of a revised timetable for the remaining stages Council’s Local Development Plan which, subject to Council approval, would be
6.2.1 Revised Timetable for DfI Agreement and Publication of LDP (Cont’d)

submitted to the Department for Infrastructure for agreement. This was a requirement of Part 2 of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015.

The Principal Planning Officer (LDP) reported that the position regarding publication of the draft Plan Strategy had evolved considerably post-publication of the Preferred Options Paper, for the reasons outlined in report circulated.

The Director and the Principal Planning Officer responded to comments from Councillor B Hanvey in relation to DfI’s Transport Strategy which, he stated, was integral to the LDP process.

It was proposed by the Deputy Mayor, Councillor A Grehan, seconded by Alderman A G Ewart and agreed to recommend that the revised timetable be approved and submitted to the Department for Infrastructure for agreement, in accordance with the requirements of Part 2 of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015.

6.2.2 Updated LDP Work Programme Including Member Workshops

The Principal Planning Officer (LDP) updated the Committee in regard to the current progress regarding the preparation of the Council’s Local Development Plan draft Plan Strategy Work Programme, a copy of which had been circulated to the Committee.

The Principal Planning Officer gave a PowerPoint presentation to the Committee on the LDP Work Programme during which she summarised the work programme as follows:

Part 3 - the LDP Work Programme which focused on draft Plan Strategy preparation, including an update on current progress (i.e. Quarter 4 of 2018, Sept-Dec)

Part 4 - the ongoing programme for the preparation and collation of the evidence base

Part 5 - the interrelated Strategies including the draft Transport Strategy, which was prepared by DfI, and were required at the time the Plan Strategy was published, including key dates.

Part 6 - the future work which would be required following submission of the draft Plan Strategy to the DfI for Independent Examination (IE).

The Principal Planning Officer (LDP) reported that a number of final Planning Policy Workshops were scheduled to take place from December 2018 to March 2019. At the request of Councillor J Baird it was agreed that the above-mentioned workshops be scheduled to take place between 5.00 pm and 7.00 pm in order to accommodate those Members who were working elsewhere.
LISBURN & CASTLEREAGH CITY COUNCIL

Minutes of the Monthly Meeting of Council held in the Island Civic Centre, The Island, Lisburn, on Tuesday, 27 November, 2018 at 7:00 pm

PRESENT:
The Right Worshipful the Mayor
Councillor U Mackin

Deputy Mayor
Councillor A Grehan

IN ATTENDANCE:
Lisburn & Castlereagh City Council

Chief Executive
Director of Environmental Services
Director of Leisure and Community Wellbeing
Director of Service Transformation
Head of Marketing and Communications (Mrs C Bethel)
Member Services Officer
Attendance Clerk/PCSP Manager

Commencement of the Meeting

At the commencement of the meeting, The Right Worshipful the Mayor, Councillor U Mackin, welcomed those present in the public gallery, in particular the members of the Lisburn Castlereagh Youth Council who were in attendance to observe the Council meeting.

Alderman S Martin arrived to the meeting at this point (7.01 pm).

The Chief Executive outlined the evacuation procedures in the case of an emergency.

The Right Worshipful the Mayor, Councillor U Mackin, requested that all mobile phones be switched off or put on silent for the duration of the meeting.

1. Business of The Right Worshipful the Mayor

Prayers

Councillor N Anderson, the Director of Service Transformation and Alderman
8. Adoption of Minutes of Committees

It was agreed that the minutes and recommendations of the undemotted meetings be adopted, subject to any changes recorded below.

Leisure and Community Development Committee 6 November 2018
Proposed by Alderman S P Porter
Seconded by Councillor J Gray

Verbal Matter

(a) Death of Mr Jimmy Gibson

The Chairman of the Leisure and Community Development Committee, Alderman S P Porter, made Members aware of the sad death of Mr Jimmy Gibson, who many Members had known fondly. Alderman Porter thanked Council Officers for having arranged to host a recent reception for Mr Gibson to mark his long service to Castlereagh Hills Golf Club. He stated that thoughts and prayers were with Mr Gibson’s family at this sad time and asked that a letter of condolence be sent. Councillor T Morrow concurred with the sentiments expressed by Alderman Porter. The Right Worshipful the Mayor, Councillor U Mackin, confirmed that he had already written a letter of condolence to the Gibson family.

Environmental Services Committee 7 November 2018
Proposed by Councillor J Gray
Seconded by Alderman J Tinsley

At this stage, Councillor D J Craig referred to the following leisure-related matter:

Derrigagh Primary School – Transfer to Council Ownership

Councillor D J Craig referred to the transfer of Derrigagh Primary School to the Council’s ownership and stated that there was an urgent need to set up a
MM 27.11.2018

Derrigey Primary School – Transfer to Council Ownership (Contd)

Working Group on that project. There had been recent rumours regarding what would happen to the facility and other issues. Councillor Craig stated that it was important to have a Working Group to look into this matter and how to communicate with the local community in the area around what was to happen to the existing facility. He proposed that a Working Group be set up and that delegated authority be granted to the Leisure and Community Development Committee to progress this. This proposal was seconded by Alderman S Martin and agreed.

The Chairman of the Leisure and Community Development Committee, Alderman S P Porter confirmed that he was in agreement with the establishment of a Working Group. He stated that he would not be on the Working Group as it was a matter for Members from that District Electoral Area, and he was happy for Councillor D J Craig to chair the Working Group.

The Director of Leisure and Community Wellbeing clarified that the Derrigey Primary School had not yet transferred to the Council’s ownership and this was in the final stages of the legal process. An issue had been raised by the Education Authority that the Council was working to resolve. The Right Worshipful the Mayor, Councillor U Mackin, stated, therefore, that the establishment of the Working Group would be subject to the successful transfer.

Development Committee

Special Development Committee

8 November 2018

Proposed by Alderman W A Leatham

Seconded by Alderman A G Ewart

21 November 2018

Development Committee – 8 November, 2018

Page 1071, Item 3 – Membership of Lisburn Commerce Against Crime

At the request of the Chairman of the Development Committee, Alderman W A Leatham, it was agreed that membership of Lisburn Commerce Against Crime be referred back to the Development Committee for consideration at its meeting to be held on 6 December, 2018 and that the Committee be granted delegated authority in relation to this matter. Alderman Leatham confirmed that Councillor A P Ewing would remain in place until Alderman S Martin was in a position to take on that role.

Development Committee – 8 November, 2018

Page 1087, Item 6.4.8 – Lisburn Light Festival Update

The Chairman of the Development Committee, Alderman W A Leatham, referred to the Lisburn Light Festival which, he stated, had been a tremendous success. He advised that a video posted on social media had gone viral, with 2 million views worldwide, and that the festival had received coverage in the Australian media. At the DUP party conference the previous weekend, many comments had been made by Elected Members from other Councils about the tremendous PR effect the lights had had. Some local business people had reported an increase in footfall and increase in their takings, which was very important.
LISBURN & CASTLEREAGH CITY COUNCIL

Minutes of the proceedings of the Development Committee Meeting of Lisburn & Castlereagh City Council held in the Island Civic Centre, Lisburn, BT27 4RL on Wednesday 2 December 2020 at 7.15 pm

PRESENT IN THE CHAMBER:
Alderman W J Dillon MBE (Chairman)
Councillor U Mackin (Vice Chairman)
The Right Worshipful the Mayor,
Councillor the Hon N Trimble
Aldermen J Baird, A G Ewart MBE and A Grehan
Councillors A Givan and C McCready

PRESENT IN A REMOTE LOCATION:
Deputy Mayor, Councillor Jenny Palmer
Aldermen D Drysdale, Councillors S Carson, J Gallen,
M Guy, D Honeyford, H Legge, G McCleave and T Mitchell

OTHER MEMBERS PRESENT IN A REMOTE LOCATION:
Aldermen J Tinsley and S P Porter
Councillor A Gowen

IN ATTENDANCE:
Director of Service Transformation (Council Chamber)
Head of Economic Development (Remote Location)
Head of Planning and Capital Development (Remote Location)
Head of Assets (Remote Location)
Head of Parks & Amenities (Remote Location)
Principal Planning Officer (Remote Location)
Member Services Officer (Council Chamber)
Member Services Officer/Attendance Clerk (Council Chamber)

Department of Infrastructure (Living With Water Programme Division)

Mr Simon Richardson
Mr Stuart Wightman

Commencement of Meeting

The Chairman, Alderman W J Dillon, extended a welcome to all present to the December meeting of the Committee and advised that the meeting was being live streamed to enable members of the public to hear and see the proceedings.
3.2 Local Development Plan – Revision to Statement of Community Involvement (SCI) to take account of the formal consultation on focused changes proposed to the draft Plan Strategy (Cont’d)

Furthermore, the Council proposed to publish a focused changes schedule; a minor changes schedule with accompanying list of typographical errors for information along with other statutory assessments as required in relation to the focused changes for an eight week period of public consultation from the beginning of January to the end of February 2021.

Having regard to the above, and as a result of consulting upon focused changes, the current SCI published in accordance with the Planning (Statement of Community Involvement) Regulations (Northern Ireland) 2015, the Council’s Statement of Community Involvement (SCI) required to be amended to reflect this updated position as follows:

2.12 The draft Plan Strategy will be published for consultation, and all representations received will be available for public inspection, including any counter-representations. In accordance with Departmental Guidance the Council will consider the issues raised through public consultation. The Council may decide, for example, to make focused changes to the draft Plan Strategy to ensure that issues impacting upon the soundness of the Plan are addressed. Minor changes may also be proposed which would not impact upon the soundness of the Plan. Any changes will be as published and consulted on for a period of 8 weeks. Comments received will be published as soon as reasonably practical after the expiry of the consultation period. These will be considered at the independent examination which will examine the draft Plan Strategy against soundness tests.

It was noted that subject to Members’ approval of the amended wording to the SCI, agreement was also required from the Department for Infrastructure (DfI) Planning.

It was proposed by Alderman A G Ewart, seconded by Alderman A Grehan, and agreed to recommend that:

a) the amended wording to paragraph 2.12 of the Statement of Community Involvement (SCI) to take account for the need to consult on focused changes to the draft Plan Strategy be approved, and

b) the amended SCI be sent to the Department for Infrastructure Planning for their agreement prior to giving notice by advertisement and publishing on the Council’s website.

3.3 Local Development Plan – Revision to Timetable to take account of the formal Consultation for Focused Changes proposed to the Plan Strategy

The Head of Planning and Capital Development advised the Committee that the Council’s Timetable outlined the key stages of preparation of the Local Development Plan (LDP) and
3.3 Local Development Plan – Revision to Timetable to take account of the formal Consultation for Focused Changes proposed to the Plan Strategy (Cont’d)

that Section 8(4)(a) of the Planning Act (Northern Ireland) 2011 required that the Council’s draft Plan Strategy must be produced in accordance with the published timetable.

The Head of Planning and Capital Development reported that the Council’s draft Plan Strategy had been published for public consultation with a pre-consultation period from Friday 11th October to Thursday 7th November 2019; and formal consultation commencing on Friday 8th November 2019 for an extended nine week period up to Friday 10th January 2020.

Also, the LDP undertook preparation of the Public Consultation Report (PCR) in accordance with Regulation 29(2)(g) of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015, which required the Council to prepare a statement outlining the number and summary of main issues raised in relation to representations received to the draft Plan Strategy, submitted in accordance with regulation 16(2) of the LDP Regulations.

The Head of Planning and Capital Development advised that the Council, after due consideration of the representations received, was proposing a number of changes to the published draft Plan Strategy in accordance with Development Plan Practice Note 10 Submitting Development Plan Documents for Independent Examination. The Council proposed to publish a focused change schedule, for comment; a minor changes schedule with accompanying list of typographical errors; along with other statutory assessments as required in relation to the focused changes for an eight week period of public consultation starting in January and finishing in February 2021.

A copy of the revised timetable for the remaining stages of the LDP had been circulated to the Committee.

It was noted that the Department had a duty to respond in four weeks before the timetable could be published and for this to be advertised.

It was proposed by Councillor A Givan, seconded by Councillor C McCready, and agreed to recommend that the revised timetable, as circulated, be approved and submitted to the Department for Infrastructure for agreement, in accordance with the requirements of Part 2 of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015.

LISBURN & CASTLEREAGH CITY COUNCIL

Minutes of the Remote Monthly Meeting of Council held on Tuesday 15 December, 2020 at 6:02 pm

PRESENT IN CHAMBER:

The Right Worshipful the Mayor
Councillor N Trimble

Deputy Mayor
Councillor Jenny Palmer

Aldermen W J Dillon MBE, A Grehan, S Martin, S P Porter and J Tinsley

Councillors N Anderson, D J Craig, D Honeyford, S Hughes, S Lee, U Mackin, C McCready, John Palmer and S Swan

PRESENT IN REMOTE LOCATION:

Aldermen J Baird, D Drysdale, O Gawith and M Henderson MBE

IN ATTENDANCE IN CHAMBER:

Lisburn & Castlereagh City Council

Chief Executive
PCSP/Member Services Manager
Member Services Officer
Technicians
IT Officer

IN ATTENDANCE IN REMOTE LOCATION:

Lisburn & Castlereagh City Council

Director of Environmental Services
Director of Service Transformation
Acting Director of Finance and Corporate Services
Acting Director of Leisure and Community Wellbeing

The Very Reverend Sam Wright

Commencement of the Meeting

At the commencement of the meeting, The Right Worshipful the Mayor, Councillor N Trimble, welcomed those present to the remote meeting of Council, which was being live-streamed to enable members of the public to hear and see the proceedings.

At this point, the Member Services Manager read out the names of the Elected Members in attendance at the meeting.
Item 5.1 Page 696 Adoption of Minutes of Special Council Meeting on 19 October 2020 (Ref. McKinnisy Road Derraghby Road Junction) (Cont’d)

Comments were also noted by Councillor G McCoile in relation to work that had been going on in relation to the McKinnisy Road/Derraghby Road junction with local MLA’s.

6. Deputations

There were no deputations to be received at the meeting.

7. Business Required by Statute

(i) Signing of Legal Documents

It was agreed on a proposal by the Deputy Mayor, Councillor Jenny Palmer and seconded by Councillor John Palmer that the following legal documents be signed at the meeting:

- Lisburn and Castlereagh City Council and Perfect Circle JV Limited of Halford House, Charles Street, Leicester, LE1 1HA – Contract for Lough Moss – Integrated Consultant Team (ICT) services for the design of 3G pitch, overflow car park and associated facilities.

- Lisburn and Castlereagh City Council and Bryson Recycling of Rivers Edge, 13-15 Ravenhill Road, Belfast, BT6 6DN – Contract for the provision of a kerbside sort service for the collection and recycling of dry recyclables and food waste from households within the Lisburn and Castlereagh City Council area.

- Lisburn and Castlereagh City Council and Fibrous Networks (FFNI) Limited of Block A, Boucher Business Studios, 9 Glenmacchan Place, Belfast, BT12 6QH – Contract relating to Gigabit Capable Connectivity Services.

8. Adoption of Minutes of Committees

Leisure and Community Development Committee 1 December 2020

Proposed by Alderman M Henderson

Seconded by Councillor D Honeyford

Other Matters Arising

Christmas with the Broads

The Chairman of the Leisure and Community Development Committee, Alderman M Henderson, wished to thank the Officers in the Marketing Unit for their efforts with the ‘Christmas with the Broads’ initiative which had included a performances at 16 care homes across the Council area and which had been very much enjoyed by residents and staff. Alderman Henderson also put on record his congratulations to the actors who had received an award this week for
Matters Arising (Cont'd)

Page 723 Item 7.1
Off-Street Car Parking Update (Free Car Parking for NHS Staff) (Cont'd)

The Chairman of the Environmental Services Committee welcomed the discussion on this matter and stated that it was important that this report comes forward in January for consideration and a decision thereon.

The Right Worshipful the Mayor reiterated that the proposal by the Deputy Mayor, Councillor Jenny Palmer, was that the Council approves in principle the granting of free car parking to Lisburn Health Centre staff subject to the necessary due diligence and that this matter be progressed either through delegated authority or the Environmental Services Committee as soon as is practicable. There being a broad consensus by Members present in regard to the Deputy Mayor's proposal in relation to car parking, the proposal, as outlined, was agreed in principle.

Other Matter Arising

Residual Waste Treatment Project Letter of Endorsement

In response to a question from Alderman M Henderson, the Director of Environmental Services confirmed that the above-mentioned letter to the Minister had been drafted and that as agreed a status report on this matter would be brought before the Environmental Services Committee in January 2021.

Development Committee 2 December 2020
Proposed by Alderman W J Dillon
Seconded by Councillor U Mackin

Adopted subject to Item 4.2 Belfast-Dublin Eastern Economic Corridor – Member Nominations being referred back to the Committee for further consideration, at the request of the Chairman, Alderman W J Dillon.

Capital Development Committee 8 December 2020
Proposed by Councillor S Hughes
Seconded by Councillor A Gowan

Councillor R McLernon joined the meeting at 6.53 pm.

Matters Arising

Page 760 Item 3.3
Minimum Revenue Position – Estimates 2021/2022

Alderman W J Dillon requested that his dissent to the Committee’s decision in relation to the above item of business be recorded.

Dear Mrs Ramsay

Agreement of Local Development Plan Timetable, Lisburn & Castlereagh City Council

I can confirm that the above Timetable was approved by Lisburn & Castlereagh City Council on 28 June 2016.

In accordance with Part 2, paragraph 7 (1) (b) of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015, Lisburn & Castlereagh City Council is now submitting the attached Timetable to the Department for Infrastructure for its agreement.

I look forward to your response.

Yours sincerely

Our Ref COR/LDP/DFI/Revised Timetable

Dear Alistair

Re: Agreement of Revised Local Development Plan Timetable

I wish to advise that Lisburn & Castlereagh City Council’s Development Committee have approved a revised Timetable for the Local Development Plan, which was ratified at full Council on 27th November 2018, attached.

We have consulted with the PAC and statutory consultees, and have received no further amendments to the Timetable.

In accordance with Part 2, paragraph 7(1)(b) of the Planning (Local Development Plan) regulations (Northern Ireland) 2015, the Council is now submitting the enclosed Timetable to the Department for Infrastructure for its agreement.

Yours sincerely

Conor Hughes

By email

Our Ref: COR/LDP/DFI/Timetable Revision 2

Dear Alistair

Re: Local Development Plan - Agreement of Revised Timetable

I wish to advise that following agreement at a Development Committee meeting on 2nd December, the members of Lisburn & Castlereagh City Council gave approval at full Council on 15th December 2020 to consult on a number of focussed changes to the draft Plan Strategy of the Local Development Plan.

In accordance with Part 2, regulation 7(1)(b) of the Planning (Local Development Plan) Regulations (Northern Ireland) 2015, the Council seeks your agreement for a revision to its Timetable for the Local Development Plan.

The revision relates to the inclusion of consultation on focussed changes to the draft Plan Strategy, which is reflected in the revised Statement of Community of Involvement.

Consultation on the revised timetable was carried out with the PAC and statutory consultees (3rd December 2020).

In relation to DfI comments (received by email on 14th December 2020) I can confirm the following:

- paragraph 4.1 of the introductory text informs that the Timetable is provided in quarters by calendar year; and
- in relation to the length of time provided for submission and Independent Examination Stage (suggested by the Department to be approximately 16 months) there is little experience of the process in Northern Ireland to benchmark a timescale against. Increased experience and refinement of processes should allow for time savings to be achieved. The Council considers that an annual review of its Timetable will be required and that further consideration will be given to the timescales at the next review.

No further requests for revisions to the Timetable were received from statutory consultees.
The Council therefore respectfully requests your agreement to the amended Timetable dated December 2020, provided as an attachment to this letter.

Yours sincerely

Conor Hughes

Subject  Explanation of and update to Table 4.3 of Lisburn and Castlereagh City Council LDP 2032 Housing and Employment Topic Paper (January 2021)

1.0 Introduction

1.1 On the instruction of LCCC, Lichfields has reviewed the queries raised by the Department for Infrastructure in respect of the Housing and Employment Topic Paper. This note provides an explanation of the sources of information that informed Table 4.3 of the Topic Paper.

2.0 Past Trends

2.1 The average past delivery is based on information received from LCCC in respect of the number of units built between 2004/5 and 2018/19 by settlement. Data was unavailable on the number of completions in the countryside (outside of SDL) between 2004/5 and 2011/12 and so an assumption of 53dpa was made in respect of each of these years. This resulted in a total of 10,578 dwellings completed in the LCCC area over this period, as summarised below:

<table>
<thead>
<tr>
<th>Settlement</th>
<th>Total past delivery</th>
<th>Av past delivery</th>
</tr>
</thead>
<tbody>
<tr>
<td>Lisburn, incl West Lisburn</td>
<td>4,932</td>
<td>46.6%</td>

</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>10,578</strong></td>
<td><strong>100.0%</strong></td>
</tr>
</tbody>
</table>

Source: LCCC monitoring data; Lisburn includes Lisburn GUA

2.2 The data for other settlements (villages and small settlements) and countryside can be further broken down as follows:

<table>
<thead>
<tr>
<th>Settlement</th>
<th>Total past delivery</th>
<th>Av past delivery (% of LCCC total)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Villages</td>
<td>1,467</td>
<td>13.87%</td>
</tr>
<tr>
<td>Small settlements</td>
<td>283</td>
<td>2.68%</td>
</tr>
<tr>
<td>Countryside</td>
<td>813¹</td>
<td>7.69%</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td><strong>2,563</strong></td>
<td><strong>24.24%</strong></td>
</tr>
</tbody>
</table>

¹ Figure based on assumed rate of 53dpa between 2004/5 and 2011/12 (total: 424) plus 389 between 2012/13 and 2018/19
This data represents an update and more comprehensive picture of past trends than that set out in Table 9.1 of the 2019 Housing Growth Study (HGS). That table was based on the former Department of Environment and LCCC data of housing completions from 2003/4 to 2012/13 and 2015/16 to 2016/17 – the twelve year period referred to in paragraph 9.11 of the HGS. Data was not available for 2013/14 and 2014/15 as the former Department of Environment did not publish reports for these years. Further analysis of building control completion certificates was undertaken by LCCC for 2013/14 and 2014/15 to enable a proper assessment of those two years. LCCC now has a complete set of data from 2004/05 to 2018/19 (see Appendix 1) which informed Table 4.3 of the 2021 report, such that this is based on a 15 year period with four extra years of monitoring data when compared to Table 9.1 of the HGS (2013/14, 2014/15, 2017/18 and 2018/19).

For the purposes of the Plan preparation and examination, Table 4.3 is the most up-to-date and should be referred to as an accurate update to the previously published Table 9.1.

**3.0 Distribution of residual growth**

The future distribution of the residual growth applies the proportionate split of past trends to the residual growth between 2019 and 2032. This figure of 832 represents the annualised residual housing requirement (10,816 ÷ 13 years). It was calculated as follows:

1. Annualised housing requirement of 750dpa, based on mid-point of employment-led dwelling requirement figures (Scenarios D and E), rounded up from 746dpa.
2. 750dpa x 15 year Plan period\(^d\) = 11,250.
3. Application of 10% flexibility margin\(^e\): 11,250 + 10% (1,125) = 12,375.
4. Less completions between 2017 and 2019\(^f\): 12,375 – 1,559 = 10,816

In preparing Table 4.3, an error that occurred in the transposition of the formula used to calculate the future distribution of the residual growth. This was based on the past trend figures from 2004/5 but did not take account of the assumed delivery of 53dpa in the countryside (outside SDL) between 2004/5 and 2011/12. This led to a slight over-estimation of the future distribution of residual growth in the named settlements and an under-estimation of figure growth in the countryside.

We have amended the figures and set out an updated version of Table 4.3 below.

</tbody>
</table>

Source: Table 3 of Focussed and Minor Changes Consultation Document

4.2 This approach provides a complete picture of housing supply across the LCCC area over the period to 2032. The 10% non-delivery allowance is factored into this supply estimate, as per Table 3 of the Focussed and Minor Changes Consultation Document.

4.3 It differs to the approach taken in the preparation of Table 9.1 of the Housing Growth Study which was based solely on the potential units remaining source of supply, with the figures adjusted to exclude the 10% non-delivery allowance.

4.4 The proportional share of housing supply in the LCCC area is based on the supply summarised above.

**5.0 Housing land supply**

5.1 The identified housing land supply represents the number of years supply that is available, based on the identified supply and distribution of the residual growth. The figures have been updated in Tables 3 and 4 above to reflect the amendment to the distribution of the residual housing growth. The resultant differences are minor and do not affect our overall conclusions regarding the need for the release of additional land in Lisburn City to ensure that an adequate housing supply can be maintained across the Plan period and that Lisburn City can maintain the share of total housing delivery that it has historically achieved.

---

See paragraphs 3.18 to 3.27 of Housing and Employment Topic Paper
Appendix 1: Housing units built in Lisburn & Castlereagh City Council from 1 August 2004 to 31 March 2019

Notes:
1 Figures for Lisburn Greater Urban Area and Castlereagh Greater Urban Area reflect Local Government Boundary changes.
2 Units built 2004 to 2013 are from 1 August to 31 July each year (12 month period). Source: NILUD/Housing Monitor DOE Planning, adjusted to account for LGD boundary changes.
3 Units built 2013-2014 in settlements are from 1 August 2013 to 31 March 2014 (8 month period).
4 The countryside outside settlement/development limits (SDL) are from 1 April to 31 March each year (12 month period). Source: Housing Monitor DOE Planning (Settlements) and LCCC (Rural Housing Monitor).
5 Units built 2014-2019 are from 1 April to 31 March each year (12 month period). Source: LCCC Housing Monitor
6 Housing Units built in countryside outside settlement/development limits (SDL) from 2004 to 2011 based on average of 6 years information from 2012 to 2018 period from Rural Housing Monitor. The historical average level of completions in the countryside was not updated to reflect the latest 2019 figures; this would have given an average of 56dpa over 7 years.
7 Data relating to housing units in the countryside outside settlement/development limits (SDL) excludes replacement dwellings.
